Recent Cases of Note

Uber London Limited v TfL

Gerald (together with Charles Holland) acted for the Licensed Taxi Drivers Association (LTDA) in its sustained objections to the renewal of Uber's London Operator's licence. Over a protracted dispute lasting some three years, Uber's licence-renewal was initially refused by TfL (September 2017), then granted on appeal by the Chief Magistrate (June 2018). A further appeal to the High Court (by way of judicial review, brought by the United Cabbies Group) was dismissed in February 2019. When, in November 2019, TfL once again refused to renew Uber's licence, Uber appealed to Westminster Magistrate's Court. Gerald and Charles intervened on behalf of the LTDA. In September 2020, Uber's appeal was allowed by Deputy Senior District Judge Ikram.

Uber Britannia Limited v Sefton Borough Council

Gerald acted for a private hire (minicab) operator (Delta Merseyside limited) in opposing a High Court declaration sought by Uber; which would, if granted, impact on the viability of private hire operators throughout the UK. On 4 November 2022, Foster J reserved judgement, and a decision

is yet to be handed down.

Commissioner for Metropolitan Police v Brixton Academy

Following an incident at the Brixton Academy shortly before Christmas, in which two people were fatally injured by a large crowd trying to force its way through to the auditorium, the police instructed Gerald to apply for a summary review of the Academy's licence. At an 'interim steps' hearing, the licence was suspended pending the review, which took place on 16 January 2023. On application by the police, to which there was no objection, the premises licence was suspended for three months, while further investigations are conducted into the cause or causes of the incident.
